

2009 ANNUAL CLUB AWARDS

This is the time of the year when we ask you to vote for three members that you think have deserved some special recognition during the last twelve months. The categories are Clubman and Club Woman of the year and also the Marathon runner of the year. But how do you choose?

In the case of the **Clubman** and **Club Woman** awards you might take into consideration their running ability - races won or finishes in high positions. It might be someone who has made great progress in their running - from jogger to club standard or made a comeback after a long lay-off because of injury or illness for instance.

Then again you might want to vote for someone who has really encouraged you in your running or helped to make club life more enjoyable for you.

You may like to consider someone who works for the club behind the scenes in administration or team management for example.

In the **Marathon Award** we ask you to make a choice between those who have completed marathons in the last year. Their finishing times may not necessarily be the deciding factor. It could be the number of times they have run marathons - their debut or their hundredth - perhaps a personal best or the amount of money they raised for charity etc.

Members that I know who have run marathons or beyond during 2009 are printed on the back of this voting slip.

Please use your vote even if you are unable to vote for all three awards.

VOTING SLIP

Clubman Award

Club Woman Award

Marathon Award

Thurs.
